FIRE PREVENTION DAY IS OBSERVED THROUGHOUT STATE

Maysville Joins With All Cities In Kentucky In Observing Fire Prevention Day Today—Yards and Outbuildings Cleaned Up.

Today is Fire Prevention Day. President Wilson called upon the whole nation to observe the day and Governor Morrow called on the whole of the state of Kentucky to observe the day. Immediately following those proclamations, Mayor Russell issued a proclamation asking all the good citizens of Maysville to observe the day by cleaning up their premises and learning more about the fire department and its workings.

Fire Chief Ruliff Newell issued a statement a few days ago explaining the origin of Fire Prevention Day and why it was observed over the nation. His interesting statement has created much interest in the day and there has been much cleaning-up in Maysville. While the day is something new to Maysvillians, there has been enough interest in its observation shown to assure the future success of the day in years to come.

Every parent should take time sometime today to explain to their children the location of the nearest fire alarm box and its number. Ask the child about the alarm box every few weeks so as to keep its location and its number in the child's mind.

The fire department will likely make an inspection of the city during next week and where a cleaning up of summer rubbish is necessary will likely issue orders to that effect so that Maysville will enter upon the fall and winter months with all Spring and Summer accumulations of rubbish out of the way.

MANY WILL GO TO ABERDEEN TONIGHT.

Quite a number of Maysville and Mason county Republicans will go to Aberdeen tonight to hear Congressman C. C. Kearns address the voters of the Southern section of Brown county. It is expected that there will be a very large crowd. The Maysville Boys' Band will furnish the music.

EXAMINING TRIAL OF YOUTHFUL GUN USER NEXT WEEK

Juvenile Judge Decides to Await the Improvement of Victim Before Holding Examination of Shelton.

Juvenile Judge H. P. Purnell and County Attorney W. H. Rees today held a conference about the examining trial of Russell Shelton, youthful lad who is held in connection with the shooting and wounding of Irene Toile a few evenings ago.

It was the opinion of both officials that young Shelton's examining trial be postponed until such a time as the victim of the shooting was able to appear in court. Reports from the hospital are to the effect that the little girl is doing nicely and will soon recover if nothing unforeseen develops in her case. The examining trial will likely be held some time next week.

Investigations in the case seem to indicate that the case, if not accidental, was at least not malicious, however, the fact that the boy had just been dismissed by the Juvenile Court in Cincinnati for carrying a deadly weapon has put a different light on the case and will probably cause a much more strict court examination into the local affair.

COUNCIL ACCEPTS STREETS.

City Council on Friday afternoon gave East Second street in the Sixth ward a thorough inspection and agreed to accept the street and pay off the contractors. While in that section of the city, the Councilmen also made other investigations on matters which have been before the body for some time so that they could more intelligently act on them when they are brought up again in Council.

NOTICE.

All semi-annual water bills are now due and payable at the office, No. 48 West Second street. Payment on all services are required before October 20th or same will be discontinued without further notice. Three per cent discount allowed until October 10th. Signed: MAYSVILLE WATER CO.

PURE BRED CATTLE PAY.

That pure bred cattle pay was again impressed on those visiting the Farm Bureau office Friday and seeing the large check received by the Adina Farms for pure bred cattle sold to a Scott county breeder a few weeks ago. This check probably is the largest ever received in Mason county for two head of cattle.

MARCH'S SLAYER RELEASED ON BOND AFTER INDICTMENT

Rose Is Released on \$5,000 Bond at Lexington — March Is Buried This Afternoon.

George Rose, constable, who shot and killed E. L. March, Thursday afternoon at 4:15 o'clock, was released on \$5,000 bond Friday afternoon, less than 30 minutes after an indictment, charging him with murder, had been returned by the Fayette grand jury.

The indictment against Rose was returned to the court at 2:30 o'clock and at 2:50 o'clock Rose was released from the county jail.

Trial of Constable Rose was set for Wednesday morning, October 13, by Circuit Judge Charles Kerr following the release of Rose on bond. Rose entered a plea of not guilty to the charge his attorney, Harry Miller, representing him in the court room.

Mr. Rose waived examining trial and the case was immediately referred to the grand jury.

Upon agreement among counsel and with Judge Kerr the bond was fixed at \$5,000. Mr. Rose's bond was signed by his brother, Alex Rose. Following his release Rose went to his home on West Second street. Here many of his friends visited him during the afternoon. He refused to make any statement concerning the shooting and discusses it only with his attorneys.

Funeral services for E. L. March will be held from The Britting, family residence, Saturday afternoon at 4:30 o'clock, the Rev. J. W. Porter and Rev. B. C. Horton officiating. Burial will be made in the family lot in the Lexington cemetery.

DODGE PRICES UNCHANGED.

Official confirmation of press dispatches from Detroit announcing that there would be no reduction in the prices of Dodge Brothers motor cars, has been received by McIlvain & Thompson, the Dodge Brothers dealer in this city. A telegram from C. W. Matheson, acting general sales manager, to the local dealer reads:

"Dodge Bros. policy has ever been to give full value for the price asked. There will be no reduction in the present price of Dodge Bros. motor cars, newspaper reports to the contrary are absolutely untrue."

"Dodge Bros. announcement was no surprise to us," said Mr. Thompson.

"In fact it is only a substantiation of Dodge Bros. principles. At no time have they ever demanded an excess amount for their product. As in the past, they will continue in the future to demand a fair return for their efforts."

"The mere fact that the demand for Dodge Brothers motor cars is still greater than the supply, despite the great expansion program at the factory, has absolutely nothing to do with the decision to continue the present prices. In marketing their car, Dodge Brothers have never made a point of price and will never sacrifice the quality of their product to enter price competition."

BRACKEN BASEBALL CAMPIONSHIP TO BE DETERMINED SUNDAY

There will be a most interesting game of baseball at League Park, this city, Sunday afternoon between the Brooksville and Germantown clubs. This game will determine the championship of Bracken county and a great crowd of Bracken county people are expected here. Colonel Charles Triebel, who has made for himself a most enviable reputation as a fair and square umpire this season, will handle the indicator.

TENNESSEE CITY'S OFFICERS IN COURT HERE.

Lawyers representing the city of Memphis, Tenn., and the Memphis Traction Company were in Maysville Friday arguing a case before Federal Judge A. M. J. Cochran. While here they were given an auto ride over the city and environs and shown the city's street railway system. They highly complimented Maysville on having such a splendid railway system for such a sized town.

MANUAL TRAINING DEPARTMENT TO OPEN PUBLIC'S EYES.

The Manual Training Department of the Maysville High School is preparing to open the public's eyes during the Corn and Tobacco Fair and the boys who are taking this training in the high school are now busily engaged in making a complete set of black walnut furniture which with other articles they will have on display at the big fair.

Mrs. Ophelia House, manager of the telephone company at Bowling Green, Ky., recently prevented the robbery of a bank in a neighboring village. Hearing the burglar alarm over the telephone, Mrs. House hurriedly summoned an armed posse of citizens in time to frustrate the attempted robbery.

CO-OPERATION OF PARENTS SOUGHT BY HEALTH OFFICER

Dr. Reynolds Urges Parents to Call Physicians at Illness of Children To Help Stop Epidemics.

Dr. Frank Reynolds, Mason County Health Officer, today issued an appeal to the parents of school children in the city asking that they take no chances on the illness of their children.

Dr. Reynolds pointed out that both measles and scarlet fever had developed into epidemics in Maysville and Mason county. He said the diseases were in such mild form that the children were not made violently ill and that in many cases the parent's had not seen fit to call in their family physician. These children nevertheless have the disease and go about the neighborhood spreading the disease to other children who may develop the disease in a more serious form.

The Health Officer, in view of these facts, urges upon all parents to call their family physician as soon as their children become ill and keep them from school until it is learned whether or not they have the light form of either of these diseases. If the child has either measles or scarlet fever, the family physician will promptly report it to the Health Officer and a quarantine will be established. In this way only, Dr. Reynolds sets out, will the present epidemic be stopped.

TWO WILLS PROBATED.

In the Mason County Court late Friday a paper bearing date of October 5th, 1917, together with a codicil dated October 15th, 1918, and purporting to be the last will and testament of Mrs. Judith Rice, was filed. The handwriting of the papers together with the signature thereof was proven by the testimony of W. W. Ball, Jr., A. M. January and H. C. Sharp and the paper was admitted to probate. Mrs. Rice divides her estate among her children and Messrs. T. J. White and W. H. Rice were named administrators with will annexed and they qualified as such with J. M. Collins, W. W. Ball, Jr., and E. T. Kirk as sureties on bond.

A paper bearing date of July 14, 1920, and purporting to be the last will and testament of Mrs. Anna L. Dimmitt, was filed. The due execution of the paper was proven by the testimony of Laura M. Newell and Cora M. Pollitt, attesting witnesses thereto and it was admitted to probate. This estate is divided among relatives.

Mrs. Martha D. Newell, named as executrix, qualified as such without surety on bond as was requested in the will.

LECTURES ARE GREATLY ENJOYED.

The lectures delivered Friday and Friday evening at the High School auditorium by Dr. Winfield Scott Hall were greatly enjoyed by the boys and girls and mothers and fathers. The address to mothers on Friday afternoon was heard by scores almost filling the large auditorium. The lecture to fathers Friday evening was not heard by so many and it is a real pity that there were not more fathers to hear the great address, which will be remembered all the rest of their lives by those who were fortunate enough to hear him. More lectures of this sort are needed.

SCARLET FEVER SPREADS.

County Health Officer Reynolds reports this morning several more cases of scarlet fever. All of the cases are reported as being in a very mild form however, and nothing is being left undone to prevent its spread among the city and county school children.

Mrs. T. Y. Nesbitt and Miss Melle Dickson are visiting Mr. and Mrs. Clint Branel, of Wedonia.

PATROL SYSTEM ON COUNTY ROADS IS TO BE ADOPTED AT ONCE

Germantown Pike Will Be First Pike in Mason County Put Under the Patrol System By County Com-

missioners as Experiment.

County Judge Purnell and the County Commissioners have decided to adopt the patrol system on some of the Mason county pikes as rapidly as they are put in good condition. They have studied the matter very closely and have sought the advise of expert road men on the question and finally they have reached the conclusion that the only way to keep a road in first class condition after it has been put in good shape is to employ the patrol system.

The Germantown pike has recently been put in first class condition from this city to the town of Germantown and they propose to make this road an experiment in Mason county. They will immediately employ a man with a small automobile truck to take over the complete care of this road from Maysville to the Mason county line. He will be expected to go over the entire road carefully all the time filling up holes as they come in the pike and keeping it carefully cared for at all times.

The commissioners propose to adopt this system on other main thoroughfares in the county as rapidly as these pikes are again put in first class condition and they have reached the conclusion that they can more successfully keep the roads in better condition at the smallest amount of expense through this system. The system has worked well in other localities.

EVIDENCE IN GINGER CASE GROWS INTERESTING

Ripley Men Said to Be Implicated in Investigation Being Made By Chief Ort Into Ginger Sale By Col-

ored Men Here.

The investigation being pushed by Chief of Police Harry A. Ort into the organized sale of ginger by certain local colored men is developing some most interesting facts, local officials said today.

Some two or three other colored men have been questioned by Chief Ort and from each of these men he has obtained affidavits which are said to contain most interesting information. Aside from a complete exposure of the organization for the sale of ginger for intoxicants which was headed by Ed. Barlow, who is under arrest, it has developed that Barlow and others operated a gambling place at Barlow's house in Cherry alley in which a regular take-out was given by Barlow and both white and colored men entered the game.

Evidence thus collected implicated a couple of Ripley merchants who are said to have been selling the ginger to various men who went to Ripley to deliver it to Barlow here. All of these men, Chief Ort says, will be turned over to the Federal authorities.

PERMANENT NAVY.

RECRUITING HERE.

Local Navy Recruiting Officer John D. Lingar today received official notice from Louisville headquarters that permission had been granted by the Bureau of Navigation to establish a permanent sub station in this city. Officer Lingar has located in the basement of the Federal building where he will be glad to take the matter up with any young men interested in enlisting in the United States Navy.

PROGRESS IS MADE IN MOVING BUILDING.

Splendid progress is being made in moving the Downey house from the corner of Second and Commerce streets to the Davis property across the street. When placed on the Davis property, Mr. Charles Davis proposes to make his building into a most attractive residence property.

ILICIT STILL IS LOCATED IN HOME
SUNDAY SCHOOL LESSON OCTOBER 10, 1920.
Topic: Baptism and Temptation of Jesus.—Matt. 3:17. 4:11
REV. J. J. DICKEY.

The lesson comprises two events in the life of Christ—His baptism and temptation. Connected with His baptism is the descent of the Holy Spirit, in the form or appearance of a dove, and the voice saying: "This is my beloved son in whom I am well pleased." When Jesus came to John the Baptist to be baptised, John declined to do so, saying: "I have need to be baptized of thee." And Jesus said: "Suffer it to be so now, for thus it becometh us to fulfill all righteousness." Baptism is an outward form or symbol of an inward cleansing. But Jesus needed no inward cleansing, so it did not mean to Him what it means to others.

Jesus was our great high priest to make atonement for the sins of the world. He was circumcised, according to the law, thus "fulfilling all righteousness." The priests were set apart for their sacred office by a ceremonial baptism, so Jesus to "fulfill all righteousness" was set apart or dedicated to the office of priest by his baptism. John said, that he who sent him to baptise with water, the same said unto him that on whom the spirit should descend and remain, He is the Son of God. The descent of the Holy Spirit on Jesus was to show John that this Jesus was the Christ, the Son of God. It was, also, the divine anointing for His work.

The Bible tells us that Jesus was tempted in all points as we are tempted. The first temptation was for Jesus to use His divine power to minister to His own good. This is man's greatest temptation. Most men exhaust their resources in blessing themselves while God's plan is for us to seed others' good. The bread and butter question absorbs the energies of mankind. What shall we eat, what shall we drink and wherewithal shall be clothed. The devil sought to start Jesus out on that line, but he failed. The second temptation was to have him exhibit his miraculous power, to overawe the multitude by leaping from the pinnacle of the temple. The devil said: "Do it and the angels will take care of you." This was presumption. Men are constantly exposing themselves to temptation when they should avoid it. No man can expect God to keep him from evil while he exposes himself to it. The third temptation was another common to man, an effort to gain power that he may have glory. Universal empire has been the dream of great leaders in all ages. Christ was conscious of his power, and as a temporal ruler could have conquered the world. This was the bribe the devil offered Christ, the same that he offered to Alexander the Great and others. Jesus fought the devil with "the sword of the Spirit which is the Word of God." This is the weapon we must use, therefore we should know the Word of God, that we may have it always ready for self-defense.

Marmaduke, Ark.—Speaking of Thedford's Black-Draught, which from long use in his household has become regarded as "the family medicine," Mrs. Mary E. Hill, of Route 1, this place, says:

"When the children get bilious, I give them a couple of good doses, and when we have sour stomach, headache, or sore liver or stomach trouble, we take Black-Draught. It is an easy laxative, and soon does the work. I certainly think it is one of the best remedies made."

Black-Draught acts on the jaded liver, gently, but positively, and helps it in its important function of throwing out waste materials and poisons from the system.

In thousands of households Black-Draught is kept handy for immediate use in time of need. Prompt treatment often is half the battle, and will often prevent slight ills from developing into serious troubles.

Its well-established merit, during more than 70 years of successful use, should convince you of the helpful effects obtainable by taking Black-Draught for liver and stomach disorders. AMERICAN WOMEN DOING FULL SHARE FOR THE COUNTRY

Mrs. Calvin Coolidge, Wife of
Republican Nominee, Praises
Her Sex.

DISCUSSES HIGH LIVING COSTS

Declares in an Interview That
Present High Prices Can Be
Reduced by Votes.

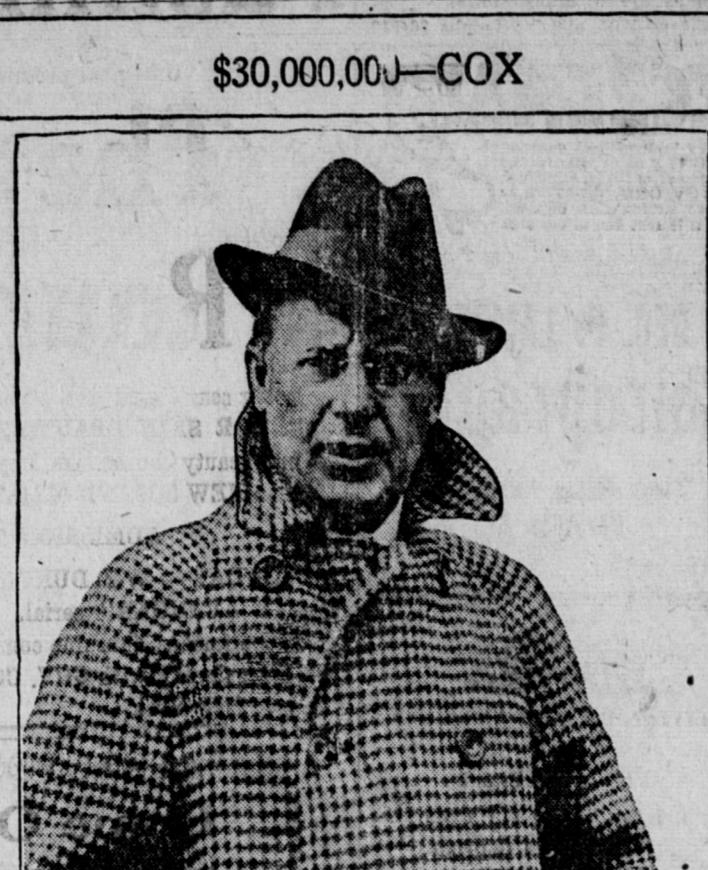

By Esteline Bennett.
Mrs. Coolidge sat in a day coach on a slow local train between Boston and Northampton and talked about her husband, her children, the high cost of living and the domestic problem. The conductor and the brakeman stopped as they went through the car to talk to her. She had made friends with them in her frequent journeys back and forth to keep in touch with her children in school in Northampton and her husband at his duties in the state capitol. She knitted diligently as she talked. During those trips she knits all the winter stockings and sweaters for her two boys—John, aged fourteen, and Calvin, twelve.

"Too many people are afraid of work," she thinks is the fundamental reason for the high cost of living and the much discussed domestic problem.

"I think the only thing the women of the country can do now," she said, with the quiet conviction of one who has thought it all out, "is to vote for the men whom they think will make the right laws and see that they are enforced. They have done all they can in the home. I think the reason there is so much sugar on hand now is because people are doing without it in their homes."

Women Have Done Their Share.
"American women have done, and still are doing, their full share. They have sacrificed and saved and subsidized and made over. But that isn't enough. They'll have to vote the high cost of living down."

"Here in New England, where it is a little hard for us to give up pie," she laughed at the tradition that has become a joke, "we have learned to use all kinds of cheaper substitutes for butter and lard, and in my own household we have experimented with different fruit combinations to find something we like and that will take the least sugar. Apples must be tart to make good pies, but we have found that blueberries take less sugar and

Knows No Domestic Problems.

The domestic problem, which is closing homes all over the country and increasing the hotel population, is something of which Mrs. Coolidge thinks she has no personal, practical knowledge. She never keeps but one maid and she never has been without one. In the fifteen years of her married life she has had only two. The first one she inherited with the furnished house in which she and Mr. Coolidge moved when they were married and took with her when she moved. The second came when the first left to go and live with her sister.

There must be a reason for their staying, it was suggested to Mrs. Coolidge, and she thought possibly there were several. She thought the type of maid had something to do with it. Her's both have been American women, old enough to have a sense of responsibility to their work and intelligent enough to respond to reasonable courteous treatment.

FOR SALE

The rebuilt and remodeled home of the Antles on East Second street. We looked through this home a few days ago and we think it has as many attractive features as any home in Maysville, regardless of what they have cost. This home is for sale for much less than it is worth. For particulars see the owners or the undersigned. Will make good terms if buyer don't want to pay all cash.

A THOROUGH TEST

One To Convince the Most Skeptical Maysville Reader.

The test of time is the test that counts.

Doan's Kidney Pills have made their reputation by effective action.

The following case is typical.

Maysville residents should be convinced.

The testimony is confirmed—the proof complete.

Testimony like this cannot be ignored.

Mrs. John Burns, W. Second St., Maysville, says: "I was subject to severe spells of backache and other kidney trouble. They would come on every three or six months and there were times when I was confined to bed and rendered helpless. The quick and decided benefit I received from Doan's Kidney Pills was wonderful. I have never had such severe attacks since."

NO TROUBLE SINCE

Nearly thirteen years later, Mrs. Burns said: "I have the same good words of praise for Doan's Kidney Pills today as ever. I haven't needed a kidney medicine since I took them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Burns had. Foster-Milburn Co., M. Buffalo, N. Y.

AS TRUE AS GOLD VALUE—

Prices may go up and the buying power of a dollar may go down, but "gold remains true" always.

That about explains the situation with good clothes this fall.

A good suit or overcoat must remain a true value no matter the price.

—It demands so much all wool.

—And a certain standard of styling and tailoring and finishing.

You do not judge a good suit or overcoat by the price of it.

—You judge it by the quality in it, the workmanship of it, the service and satisfaction and wear of it.

Which would you rather have us do —offer you a suit deteriorated in value in order to be able to sell it at the old 1914 price of it?

—Or pay what is necessary to maintain the standard of it?

—And offer it to you at the smallest possible price?

Well—there's only one way we serve the public and that is the latter way.
